Serial Nos. 2

Part B for March '47

SUBJECT. Surveying the route of the proposed 66 KV. transmission line between Davangere & Ujjini for power supply to the ceded districts.

E & S. 3150-52 dt 27-2-47.

To The C. E. E.
The Comptroller.
The Auditor, E. D.

Sanctions with certain observation.

Serial No.

Letter No 1335 dated the 13th February 1947 from the Chief Engineer.

154 ante

Requests approval & sanction to

1) Conduct the work of survey of the route of the proposed transmission line to the Lower Pulimoi Dam during the Transmission line Inspector visit on a Subsistence Allowance

2) permitting the Transmission line Inspector to draw House Rent Allowance @ Rs 25 per month instead of Rs 20 per month for the subsistence in the sanctioned estimate

It is stated that the small extra cost on account of item 2) above will be met out of the savings under other items in the sub-head very. "Surveying the Route of the Transmission Line" in the sanctioned estimate.

2. Submitted for orders. Financial concurrence is required to the proposal.

13/2 Rs 13/2 3. The conduct of work of survey is proposed to be conducted by E.E. departmentally, adverting to paucity of surveyors from P.W.D. It is not made clear if the C.E. for Irrigation has consulted and he has still not been able to spare surveyors. This may perhaps be got clarified.

GOVERNMENT OF MYSORE
ELECTRICAL DEPARTMENT

OFFICE OF THE CHIEF ELECTRICAL ENGINEER,
Bangalore, 13th February 1947.
(MYSORE, S. INDIA.)

The Secretary to Government,
Electrical Department,
BANGALORE.

Sir,

Surveying the Route of the proposed 66 kV. Transmission Line between Davangere and Ujjini for power supply to the Ceded Districts.

Adverting to G.O.No.EDS.1119-21/Elecl.44-46-2 dated 31-10-1946 sanctioning the estimate for construction of a 66 kV.Transmission line between Davangere and Ujjini to arrange for power supply to the Ceded Districts, I have the honour to state that the preliminary work, viz., Surveying the route of the Transmission Line has to be taken up immediately so that the construction of the Transmission Line may be commenced as soon as materials are received. As already stated in my letter No.16008 dated 4-12-1946, it is not possible to get Surveyors from the P.W.D. to be posted to the surveying work. Hence it is deemed necessary to get the surveying work done by deputing an experienced Transmission Line Inspector as in the case of the works detailed in G.O No.EDS.1802-04/Elecl.127-46-7 dated 6th January 1947.

Under the circumstances I would request you kindly to obtain approval of Government to:

(1) conduct the work of surveying the route of the proposed Transmission Line between Davangere and Ujjini by deputing a Transmission Line Inspector instead of a Surveyor from P.W.D.

& (2) permit the Transmission Line Inspector to draw a Horse Allowance of Rs.30/- p.m. instead of the C.A. of Rs.24/- p.m. provided for the Surveyor in the sanctioned estimate.

The small extra cost on account of item (2) above will be met out of the savings under other items in the sub-head viz., "Surveying the route of the Transmission Line" in the sanctioned estimate.

I have the honour to be,
Sir,
Your most obedient servant,

Chief Electrical Engineer.
